Telecommunications

At Jack Resnick & Sons, we know reliable voice and data communications services are critical to your business. We strive to provide in each property a robust and accessible communications infrastructure, with a broad range of services offered by quality Service Providers. Jack Resnick & Sons also embraces new communications initiatives that foster competition in the marketplace and meaningful choices for Tenants.

To that end, we have partnered over the years with multiple, top-tier telecommunications Service Providers to install facilities in the Building, all in an effort to provide tenants with accessible, reliable and robust connectivity.

133 East 58th Street is equipped with three (3) separate Points of Entry, allowing for diverse Service Provider access. Multiple Carriers provide a full range of Broadband Services and high-capacity fiber-optic connections to most of the major Colocation Centers/Carrier Hotels in Manhattan. At the Building's core is a protected, state-of-the-art Communications Riser, which brings the Service Providers' networks directly to Tenant suites on every floor. Below is a list of Providers offering services to the Building.

Carrier Name	Internet Access	Ethernet	Managed Data Service	Voice	CATV	Fiber Transport	Website
AT&T	✓	✓	✓	✓			att.com
Spectrum Business	✓	✓		✓	✓		spectrum.com
Verizon	✓		✓	✓	✓		verizon.com
XO Communications	✓	✓		✓	✓		xo.com

A Distributed Antenna System (DAS) has been installed in all tenant spaces which will enhance cellular service on all tenant floors and building common areas.

Should you require more information, please contact Building Management, or e-mail: telecom@resnicknyc.com
