Crain's New York Business uses staff research, extensive surveys and the most current references available to produce its lists, but there is no guarantee that these listings are complete. To qualify for this list, companies must manage commercial property in the five boroughs of New York City. Commercial square footage and third-party square footage have been rounded, but rankings are based on unrounded numbers. In cases of a tie in the amount of 2019 commercial square footage managed in New York City, firms are ranked alphabetically. Executives may have additional titles. n/d-Not disclosed. **1**-Unless otherwise noted, figures include office properties only as of Sept. 30. **2**-Third-party square footage refers to property managed by a company other than the owner, as of Sept. 30. **3**-Full-time and full-time-equivalent only, including union members and administrative employees, as of Sept. 30. **4**-Growth is from Forest City Realty Trust and GGP acquisitions. Figures include less than three million square feet of standalone retail. Research by Gerald Schiffman.
